

# NOVEL TALL FESCUE RENOVATION WORKSHOP

**MARCH 14, 2018 (8:30AM-5PM)**

**NC STATE FAIRGROUND- MARTIN BUILDING  
4281 TRINITY RD. (GATE 9) RALEIGH, NC 27607**

**(LEFT: CATTLE GRAZING NOVEL, RIGHT: GRAZING KY31)**

## **A PICTURE SAYS MORE THAN 1,000 WORDS!**

Toxic tall fescue reduces livestock weight gains and lowers reproductive performance. This one day workshop will give you the tools and information needed to remove toxic tall fescue and replace it with novel tall fescue varieties. Speakers include local producers, company representatives and researchers from across the country.

### **Topics Include:**

- **Fescue Toxicosis: Symptoms and Causes**
- **Economics**
- **Establishment and First Year Management**
- **Company Products**
- **Producer Panel**

**Register at <http://go.ncsu.edu/amazing-grazing-workshop>**

**Before March 2<sup>nd</sup> - \$60/person,**

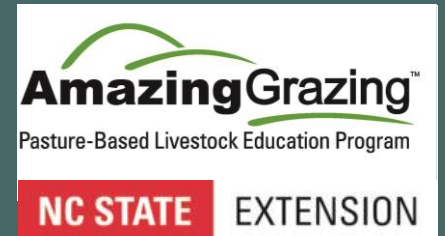

**After March 2<sup>nd</sup> - \$75/person**

**Includes: lunch, refreshments & proceedings**

### **Alliance Partners:**

- **AgResearch USA**
- **Agrinostics**
- **Barenbrug**
- **Clemson University**
- **DLF Int'l Seeds**
